

IBM CLOUD SERVICES

DATE	16 November 2022
TEAM ID	PNT2022TMID10965
PROJECT NAME	Project-Real Time River Water Quality Monitor And Control System

The screenshot displays the IBM Cloud dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com' and the user is signed in as 'CEECA1924'. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for 'Catalog', 'Manage', and the user's account 'ARULJOTHI S's Account'. The main content area is titled 'Dashboard' and features a 'For you' section with six recommended actions: 'Build' (tutorials), 'Build a web app with Watson Speech to Text' (15 min), 'Get Started with Watson Studio' (2 hr), 'Build a Virtual Private Cloud (VPC)' (7 min), 'Incorporate DevOps into your process' (20 min), and 'Get started with Watson Discovery' (2 hr). Below this, there are four panels: 'News' (listing updates on Satellite pricing, Data Shield deprecation, and Watson Orchestrate integration), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (showing a world map with service status indicators). The Windows taskbar at the bottom shows the time as 9:36 AM on 11/18/2022, with a temperature of 26°C and 'Partly sunny' weather.
